19-24 July 2020, AC Bella Sky
Hotel and Bella Center,
Copenhagen, Denmark

SCSM 2020

12TH INTERNATIONAL CONFERENCE ON SOCIAL COMPUTING AND SOCIAL MEDIA

Jointly held under one management and one registration with HCI International 2020

<http://2020.hci.international/scsm>

Chair

Gabriele Meiselwitz (gmeiselwitz@towson.edu)

SCSM 2020 is an affiliated conference of the HCI International Conference and is in its 12th edition. The conference provides an established international forum for the exchange and dissemination of scientific information related to social computing and social media. It addresses a broad spectrum of issues expanding our understanding of current and future issues in social computing and social media. The conference welcomes qualitative and quantitative research papers on a diverse range of topics.

The related topics include, but are not limited to:

- AI in social media
- Community Engagement
- Computer Mediated Communication
- Culture and social media
- Design and evaluation methodologies for social computing and social media
- Education and the use of social computing and social media
- E-democracy and political engagement, public affairs
- Enterprise Social Media
- Ethical and legal issues in social computing and social media
- Friends and family groups
- Gaming, including MMOG and MMORP communities
- Healthcare communities
- Infrastructure for social computing and social media
- Language in social computing and social media
- Large scale conversations
- Learning and collaboration
- Mobile social computing and social media
- Online special interest communities
- Online and offline articulation
